

## PE Systems

# PESW1109060LS

## Poly Sweep Bend DN90 x 60° SDR11 Long Spigot

### Application

Can be joined to PE pipes by butt-welding or electrofusion

### Features

- Lightweight
- Durable
- Long Service Life
- Environmentally Friendly
- Corrosion and Chemical Resistance

## Technical Data

### Product Properties

|                  |                 |
|------------------|-----------------|
| Material         | Polyethylene    |
| Colour           | Black           |
| Approximate mass | 1.0 kg          |
| End connection   | Spigot / Spigot |
| Rating           | SDR11           |

### Product Dimensions

|                 |       |
|-----------------|-------|
| Nominal size    | 90 mm |
| Angle (degrees) | 60°   |

### Jointing Details

|            |                                                   |
|------------|---------------------------------------------------|
| Joint type | Electrofusion, compression, butt weld, mechanical |
|------------|---------------------------------------------------|

## Standards

### Environmental Declarations and Standards

|                  |                                                                              |
|------------------|------------------------------------------------------------------------------|
| Product standard | AS/NZS 4129 'Fittings for polyethylene (PE) pipes for pressure applications' |
|------------------|------------------------------------------------------------------------------|

PE Systems

**PESW1109060LS**

## Material Properties

### Mechanical

|                            |      |
|----------------------------|------|
| Density 'specific gravity' | 0.95 |
| Hardness shore D           | 63   |
