

PE Systems

PEBR16110

Backing Ring to Suit PE DN110mm AS4087 B7 PN16 Galv

Application

Backing ring used to reinforce a polyethylene stub flange

Features

- Reliable sealing performance
- Corrosion resistant construction for long service life
- Robust design to withstand demanding operating environments
- Supports efficient installation and maintenance of flanged systems

Technical Data

Product Properties

Material	Other
Colour	Silver
Pressure rating	PN 16
Approximate mass	2.4 kg
Unprotected UV exposure	99.9% UV stable (black only)
End connection	Flanged

*For short term, intermittent exposure. Contact Iplex for further details

Product Dimensions

Nominal size	110 mm
--------------	--------

Jointing Details

Joint type	Flanged
------------	---------

Standards

Environmental Declarations and Standards

Product standard	AS/NZS 4087 'Metallic flanges for waterworks purposes'
------------------	--

PE Systems

PEBR16110

Material Properties

Fire Resistance

Flammability

Non-Flammable

*AWTA test report number 7-558788-CV
